**Note on Compensatory Afforestation**

Name of Project: Strengthening and Widening of Chaibasa -Tonto -Roam Road.

Proposed area of Forest Diversion- 21.931 ha (Kolhan Division- 11.093 Ha,  
Chaibasa Division- 10.838 Ha)

113.72 acres (46.021 ha.) of Jungle-Jhari land was identified in Chaibasa Forest Division, Chaibasa by the user agency for carrying out compensatory afforestation (CA). The details of the land identified for CA is as below: -

Sl. No.	Mauza	Thana No.	Plot No.	Area(acre)
1.	Palisai	687	19	18.00
2.			135	38.36
3.			274(Part)	17.00
4.			64	6.09
5.			622	15
6.			82	2.04
7.			92	12.95
8.			269	4.28
<b>Total</b>				<b>113.72 acres</b>

Since identified jungle-jhari land is not suitable for plantation ,hence vide letter no. 196 dated 01.02.2022 undersigned has requested other forest divisions of the Singhbhum region to identify suitable degraded forest land that is fit for plantation.

In response to the above,DFO, Saraikela ForestDivision identified 46.538 ha of degraded forest land for carrying out the CA work. The details of the alternate land identified for CA in Saraikela Forest Division is as below: -

Sl. No.	Mauza	Thana No.	Plot No.	Area(ha.)
1.	Guhanadih	Saraikela-72	1	9.022
2.			44	16.177
3.			37	6.716
4.	Sarupdih	Saraikela-73	2	14.623
<b>Total</b>				<b>46.538 ha.</b>

Since details of only one CA site can be uploaded in the Parivesh Portal, Survey of India Toposheet, Geo-referenced Map, CA Scheme details, Suitability certificate of the alternate CA land is attached herewith and also in additional information section. KML file of the said site has been given in the CD attached with the proposal file.

In the row asking for total financial outlay for CA scheme in Part II of Form A - Rs 132.209 lakhs has been entered, which is the total financial outlay for carrying CA on the alternate forest land identified in Saraikela Forest Division.

In the row asking for copy of CA scheme in Part II of Form A, the CA scheme of alternate site identified in Saraikela Division has been uploaded.
