Abstract: This paper discusses the importance of the role of the teacher in the classroom. It is argued that the teacher should be seen as a facilitator of learning rather than a transmitter of knowledge. The paper also discusses the importance of the teacher's personality and the teacher's relationship with the students.

NOTES

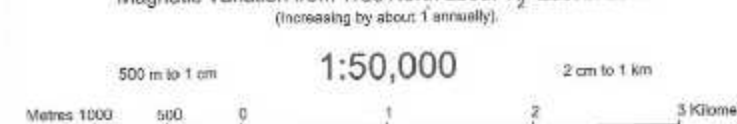

Heights and contours have not been shown.
A relative height of 100 represents the approximate height, in metres between the top and bottom of steep slope.
The exterior boundaries of areas of Reserved or Protected Forests are shown by green lines.
Cultivation is generally indicated by yellow.
Unsettled lands in this sheet are generally indicated by a light brown.
Earth or Land use symbol is shown thus: (P)
