The Oil Company/Owner may construct the Fuel Station along with its access as per approved drawings at their own cost within 6 months of the issue of this Provisional NOC. After the construction as per approved drawings and to the satisfaction of the Highway Authority, the final approval may be given within 30 days of the receipt of communication along with the "As Built Drawing" from the applicant about the completion of construction work. License deed may be signed by the Divisional Manager, MPRDC. In case, the construction is not done in one year, the provisional approval shall be deemed to be cancelled, unless renewed by the Highway Authority.

Inspections for determining the deviations from prescribed Norms can be done at any time, even after signing of the License Deed, by the Highway Administration. In case of defaults/deviations found during inspections by Highway Authority, such deficiency shall have to be immediately rectified, which in no case should exceed 30 days from the date of inspection. The failure to rectify the identified deficiencies within the prescribed time would lead to de-energizing the fuel station by the concerned Oil Company. The re-energizing would be done only after rectification and on the authorization by the Highway Authority.

In case of non-compliance of any of the conditions mentioned in this letter, this provisional approval shall be deemed to be cancelled.
