3) CCF Letter No 2022-23/412 Dated:-30.10.2023

Sir,

This is regarding the above reference letters and mitigation measures to be under taken by MMRDA for their proposal (Diversion of 2.0847 Private Forest Land thereof for Non-Forest activity in Village Jasai, Tal- Uran, Dist- raigad in Maharashtra.) We wish to clarify that our proposal is 1.64 km. beyond the Notified Eco-sensitive boundary of Karnala Bird Sanctuary.

The most part of the Bridge is over head i.e. supported on pier having minimum span of 25mtrs and ground clearance @ 5 mts and more and the ramp measuring length of @ 200.00 M. only comes in this proposal. As mentioned above regarding the distance from ESZ boundary it does not fall in the wildlife zone. We request to wave off the conditions and sanction our proposal as early as possible as this project is of National importance.

Yours Faithfully,

(M. P. Sing)
