

No.:- JSV-JSDB-6A-FCR/2021 21988Dated:- 27/1 /2022

To

The Divisional Forest Officer,
Bilaspur Forest Division,
District Bilaspur.

Subject: - Diversion of 0.561098 hectare of Forest Land for the Construction of Sewerage Treatment Plant 5.00 MLD for Zone No. 1 within the Jurisdiction of Bilaspur Forest Division, District Bilaspur, Himachal Pradesh. (Online Proposal Number. FP/HP/Others/123004/2021).

Reference: - Regional Office Letter No. FC/HPB/09/52/2021 Dated 27/12/2021

Sir,

This is with reference to the subject cited above. In this connection, it is submitted that we have attended the shortcomings noticed in above proposal. The observations have been corrected as per your requirement. The Point wise reply to the observations is as under:-

Sr. No.	Deficiencies	Compliance to the Deficiencies
1	0.0437 Ha. Forest land is proposed to dump 181 cum of muck. The State Government may review this as this small amount of muck can be adjusted in diversion area itself and accordingly this component can be executed from the proposal.	The amount of muck that can be adjusted in diversion area has already been reduced from the total muck generated (793.58 cum). The 612.58 cum muck will be used for leveling of the site and filling the R/wall B/wall. The 181 cum muck cannot be adjusted in the diversion area, so it is necessary to include the dumping site.
2	The state Government may provide list of trees standing in muck dumping site.	The enumeration list of trees standing in muck dumping site has been submitted separately.
3	The General Layout Plan/Site Plan approved by competent Authority showing all components and complete sewerage system to be provided to this office.	The General Layout Plan/Site Plan approved by competent Authority showing all components and complete sewerage system has been attached.
4	The State Government may provide a detailed note of project describing the detailed proposed sewerage system that how sewerage will reach to STP and the status of land in which sewerage lines are proposed.	In this regards, site plan showing the distribution system is enclosed and the sewerage will reach to the STP through the existing sewerage line.
5	The approach access road is not proposed in the proposal. Therefore, the State Government may provide comments regarding approach access to the proposed site/STP.	The proposed site has already the access of the road.
6	The NOCs from HPPCB and MC Bilaspur be provided to this office.	The NOCs of HPPCB and MC Bilaspur has been submitted online as well as hardcopy.

7	The State Government may provide comments on the status of Environmental Clearance to this project.	Yet to be submitted
8	The project approval document issued by competent Authority be provided to this office.	Administrative approval of the project has been submitted online.

It is, therefore, you are requested that the proposal may please be forwarded to the concerned higher office at the earliest.

Executive Engineer,
Jal Shakti Division,
Bilaspur.
