

PARAWISE REPLIES TO THE QUERIES RAISED DATED 04.02.2022.

Queries raised	Replies by User Agency
B-2.3 Village wise breakup	
<ul style="list-style-type: none"> • Narayanapura Village and Bandravi Village are mentioned as forest land requirement villages without survey number details. • The forest land requirement villages which has more than one survey number details also requires survey number wise break up area extent. • The copy of RTC of survey number, containing mutation in favour of the Forest Department in respect to the forest area proposed to be diverted needs to be provided. 	<ol style="list-style-type: none"> 1) Since the proposed approach road is situated in Donimalai Forest Block of Narayanapura village survey numbers are not available. And For Bandravi Village Survey Numbers wise mentioned in break up column and correction has been done in the column. 2) Survey Numbers wise details and breakup wise extent have been done in the column. 3) The proposed road is situated in Donimalai Forest Block of Narayanapura village RTC Copies are not available. And For Bandravi Village Survey Numbers RTC Copies attached in the Additional information column along with proposed approach road required for diversion.
B.2.4 Component wise breakup	
<ul style="list-style-type: none"> • Instead of exact components involved in the project names. “APPROACH ROAD IN NARAYANA VILLAGE and APPROACH ROAD IN BANDRAVI VILLAGE” are mentioned. 	The exact components wise breakup for proposed approach road are corrected in the Narayanapura village and in Bandravi Village. Cross section of approach road with components is attached in the Additional information column.
C (ii) (a) KML file of proposed land.	
<ul style="list-style-type: none"> • Four segments KML files are uploaded with generic names; ‘Segment -1,2,3,4’ showing total area extent as 2.695 ha as against 2.67 Ha mentioned under Bellary division. • One segment KML file is uploaded with generic names; “Segment -5’ showing total area extent as 4.178 ha as against 4.165 Ha mentioned under Chitradurga division. • Total area extent under both Divisions is 6.873 Ha as against 6.83 Ha. • Non forest land requirement KML is not provided. • The provided alignment abruptly ended in middle of RF boundary and again started from the middle of the RF boundary. Hence the Complete project ‘alignment running in forest as well as non-forest land needs to be shown on maps to ensure that forest land is not mistaken as non-forest land for the purpose of the project. 	<ol style="list-style-type: none"> 1) Four Segments of KML with ‘Segment 1,2,3,4’ showing total area of 2.686 Ha is now corrected and mentioned under Bellary division. 2) One Segments of KML with ‘Segment 5’ showing total area of 4.149 Ha is now corrected and mentioned under Chitradurga division. 3) Total area of both Divisions is 6.835 Ha is now corrected. 4) Non-Forest Land requirement KML is uploaded now. 5) The Complete project alignment running in forest as well as non-forest land are shown in the Georeferenced Map and The Village Map Corrected Copy uploaded in the said column.

<ul style="list-style-type: none"> As per google imagery some portion of proposed area is already broken up and some portion of proposed area seems to be shifted from existing path. GPS readings are provided in additional details, however correctness of GPS points vis-a-vis KML will be scrutinized after the entire alignment of the project is provided. Entire alignment of the project is shown on maps but the same is not shown in the uploaded KML. 	<ol style="list-style-type: none"> Some portion of proposed approach road area is already broken up i.e., cart track, the same road has been proposed and some portion is shifted existing cart track. The GPS readings provided in additional details matches vis-à-vis KML file uploaded now for the entire project segments wise. The revised KML Map and Georeferenced map are uploaded and the entire alignment of the project is shown on maps as well as in uploaded KML.
---	--

C (iii) Copy of Survey of India Toposheet indicating boundary of forest land proposed to be diverted.

<ul style="list-style-type: none"> Survey of India Toposheet number is not mentioned. 	Survey of India Toposheet number is 57A/12 & 57B/9 are mentioned in the corrected Toposheet Map.
--	--

C(iv) Scanned copy of the Georeferenced map of the forest land proposed to be diverted prepared by using GPS or Total Station.

<ul style="list-style-type: none"> Mosaic map is uploaded without survey number details. Individual complete village maps are also required. GPS readings are provided in additional details, however correctness of GPS points vis-a-vis KML will be scrutinized after the entire alignment of the project is provided. The proposed area survey number details should be highlighted. 	<ol style="list-style-type: none"> The survey are mentioned in the corrected Georeferenced map. Complete village map are enclosed now. The GPS readings provided in additional details matches vis-à-vis KML file uploaded now for the entire project segments wise. Since the proposed approach road is situated in Donimalai Forest Block of Narayanapura village survey numbers are not available. And For Bandravi Village Survey Numbers are mentioned in different color in the village map correction has been done in the uploaded maps.
