

Site inspection Report of the District Forest Officer, Thoothukudi

I have inspected the proposed project site for providing Conveyor and Pipeline crossing Koampallam canal at Mullakadu RF of Mullakadu village In Thoothukudi Range of Thoothukudi Forest Division by the SEPC Power Private Limited, Teynampet, and Chennai along with User agency. The proposed project area is around 0.17688 ha of Forest land in Mullakadu RF. The Project comprises of Power plant to be established with an area of 36.81 ha located non forest land and an area of 0.17688ha of Forest land is proposed for lying to running Coal conveyer Gallery and Sea water pipeline for Cooling the power plant, the proposed Conveyor from Coal Jetty be taken to Power Plant only is the choice taken across the Korampallam canal. There is flora ~~is~~ available in that area in the proposed site like ~~in the~~ Mangrove trees. The work will be carried out by the user agency without damage to the existing mangrove as promised by the user agency. Hence felling of the Mangrove trees is not ~~necessary~~ much in the proposed site. No protected Archeological site is situated nearby. The land required also is only a barest minimum.
