Justification regarding existing road visible between the Geo-coordinates points i.e. 31°20'43.56" N & 77°37'27.61" E to 31°20'44.19" N & 77°37'17.21" E

As per the report of field functionary the proposed road shows that a road already exists between the Geo-coordinates point i.e. 31°20'43.56" N & 77°37'27.61" E to 31°20'44.19" N & 77°37'17.21" E during the inspection it was found that from point 0/000 to 0/280 meters i.e. between 31°20'44.36" N & 77°37'17.24"E to 31°20'43.11"N & 77°37'21.02"E.

The said path was very old and congested and was widened by the local villagers at some spots to facilitate safe movement of villagers, school children and carriage of material over mules. The width of the path is uneven at different spots as at some spots it is about 1 mtr. and at other spots it is about 2.5 mtrs. Presently, no works are being carried out on the piece of path in question.

It is also informed that HPPWD Department has not started construction works of said road and undertaking to this effect has been furnished by the Executive Engineer, B&R Division, HPPWD Rampur Bushahr, Distt. Shimla H.P.
