

Justification for Not Examining Alternative Locations

The allotted prospecting area for Kente Extension Coal Block has been identified by CMPDIL (Ref. Letter No. CMPDI/DG/CAPTIVE/140/258 , dated 17-03-2016 from CMPDIL. Copy of map enclosed) and is therefore site-specific for the purpose of prospecting and mining. So no other alternate site/ area is feasible for the purpose. The Kente Extension Block is not fully Regionally Explored and therefore detailed prospecting needs to be undertaken in this block as per the guidelines of MOC for preparation of Geological Report required for mine planning.

विषय: Block Boundary coordinates & certified boundary plan of Kenle Extension coal block.

नमस्ते,

With reference to our earlier letter No.CMPDI/DG/Captive/140/1512 dated 16.12.2015, in which the block boundary of Kenle Extension coal block has been provided to you considering the WGS84 datum.

On subsequent perusal during certification of Geological co-ordinates of Parsa East and Kanta Basan Coal Block, an error was noticed in the co-ordinate(s) of Kenle Extension coal block, which might have occurred while converting the datum from Modified Everest to WGS84, resulting in overlapping of the block boundary. Hence, the block boundary of Kenle Extension coal block, after necessary correction, is being provided to you as per the following detail:

Point	Co-ordinate (in old toposheet)	Longitude		Latitude	
		WGS84 coordinates			
2	82°49'29.03"E, 22°47'37.5"N	82°49'21.991"E	22°47'39.797"N		
3	82°50'50.32"E, 22°49'56.25"N	82°50'43.289"E	22°49'58.536"N		
5	82°51'48.5"E, 22°48'58.5"N	82°51'41.443"E	22°47'0.802"N		
6	82°52'55.9"E, 22°48'36.3"N	82°52'48.833"E	22°48'38.594"N		

The block boundary and coordinates provided by CMPDI vide our opcl letter dated 16.12.2015 may be treated as cancelled.

संयोजक,

भवदीय
