

Reference Index Sr. No I

PART-II

(To be filled by the concerned Deputy Conservator of Forest).

7 Location of the Project / Scheme

- I) State / Union territory --Maharashtra.
- II) District. -- Pune
- III) Forest Division. - Pune, Forest Division Pune
- IV) Area of the Forest land Proposed for Diversion in Ha.

Name of Village	Item of work/ Proposal	Forest land Required for the Project					Legal Status
		Gut No	Chainage No	Length & Width	Area		
					Sq. Mt	Ha	
Kharadi Taluka- Haveli District- Pune	Proposal for construction of “Wagholi To Kharadi (by Info Tech Park) in Kharadi (under Pune Municipal corporation	74	0-100	100 x30	3000	0.30	RESERVE FOREST
			100-180	80 x30	2400	0.24	
			TOTAL FOREST LAND REQUOIED				

V	Legal status of the Forest	Kharadi Forest Gut No 74 which was declared as "Reserved Forest" in 1879 as & by the Indian Forest Act no v of 1890, vide notification no 24 / F Dated 1.3.1879.
---	----------------------------	--

VI	Density of vegetation	This area Density is ZERO,
VII	Species-wise (Scientific names) And diameter class-wise enumeration of trees.	Not applicable.
VIII	Brief note on vulnerability of forest area to erosion.	The land is not vulnerable to erosion. as gentle slope
IX	Approximate distance of proposed site for diversion from boundary of forest	On the boundary
X	Whether forms part of National Park, Wildlife sanctuary, biosphere reserve, tiger reserve, Elephant corridor, etc.	Proposed forest land is not a part of any National Park, Wildlife sanctuary, biosphere reserve, tiger reserve, or Elephant corridor.
XI	Whether any rare endangered / unique species of flora & fauna found in the area .If so the details there of.	There are not rare / endangered /unique species of flora & fauna in this proposed forest land.
XII	Whether any protected archaeological / heritage site / defence establishment or any other important monument is located in the area. If so the details there of with NOC form competent authority, If required.	There is no protected archaeological / heritage site /defence establishment or any other important monument in this forest land.

XIII	Whether the requirement forest land as proposed by the user agency in col.2 of part-I is unavoidable and barest minimum for the project. If not, recommended area item-wise with alternatives examined.	Yes, There is no other alternative land. It is unavoidable as well as barest minimum.
9	Whether any work in violation of the Act has been carried out (Yes/no) If yes. Details of the same including period of work done, action taken on erring officials. Whether work in violation is still in progress.	Not applicable, As in guideline dated 7/2/2013 -about Modification in para 4.4 and 2.2(ii) As the D. P sanction road passing through Forest & non-forest land. There is excising old road & upgradation work of this road on non-forest land was carried out. This was important for peopal. Proposed Gut no 75 land is property owned by Pune Municipal Corporation. & Gut no 74 is Reserved Forest. The work was not started on forest land as per instruction given by Forest Department.
10	Details of compensatory afforestation scheme:	
(i)	Detail of non-forest area/ degraded forest area	Forest land required is less than 1.00 Ha. & the work will be done on

	identified for compensatory afforestation, its distance from adjoining forest, number of the patches, and size of each patch.	Centrally sponsor scheme of GOI.
(ii)	Map showing non-forest/ degraded forest area identified for compulsory afforestation and adjoining forest boundaries.	Forest land required is less than 1.00 Ha. & the work will be done on Centrally sponsor's scheme of GOI
(iii)	Detailed compensatory Afforestation scheme including species to be planted, implementing agency, time schedule, cost structure, etc.	N. A. As Forest land required is less than 1.00 Ha. & the work will be done on Centrally sponsor's scheme GOI
(iv)	Total financial outlay for compensatory afforestation scheme.	Forest land required is less than 1.00 Ha. & the work will be done on Centrally sponsor's scheme GOI.
V	Certificate from competent authority regarding suitability of area identified for compensatory afforestation and from management point of view (to be signed by concerned deputy conservator of forests)	Not Applicable, Forest land required is less than 1.00 Ha. & the work will be done on Centrally sponsor's scheme GOI.
11	Site inspection report of DCF	Attached on page no 43 to 46

	(to be enclosed) especially highlighting fact asked in col.7(xi,xii),8,9, above.	
12	Division/district Profile	
i)	Geographical area of District.	Geographic area of the Pune District is 15643.Sq. Km.
ii)	Forest area of the District.	Forest area of the Pune District 2028.99 Sq. Km.
iii)	Total forest area diverted since 1980 with number of cases	624.66 Ha. in 70 Cases
iv)	Total compensatory afforestation stipulated in district/division since 1980 on	
	a) Forest land including penal compensatory afforestation	74.89 Ha.
	b)non- forest land	404.87 Ha.
V)	Progress of compensatory afforestation as on	
	a) Forest land	74.89 Ha.
	b) Non-Forest Land	404.87 Ha.

13 Specific recommendation of DCF for acceptance or Other-wise of proposal with reasons.

The proposal is recommended for acceptance, as the proposed approach road is a matter of public importance.

Kharadi, Taluka-Haveli, Distract-Pune is situated on the bank of Mula-Mitha. The village was included in Pune Municipal area in 1997. Most of area of Kharadi is converting rural to urban area and it is developing fast in the fields of Education, Market, Medical facility, and IT industrial sector.

Forest land to construct internal D. P. road known as "Wagholi to Kharadi (by Info Tech Park) road" for non-forest purpose. i.e. Constriction of approach D. P. road connecting Kharadi Gaothan to East part of kharadi, Wagoli, Manjri, Taluka-Haveli District - Pune. Length & Width of the proposed road is 180 Mt x 30 Mt. = 0.54 Ha, Which is passing through the Forest Gut No 74.

As area include in Municipal area, development plan is prepared as per Town planning Guideline. There is existing 6 Mt. Road is available, but this road divide forest land in two part and it have curve in forest area. So as per planning the new D. P. Sanction road aligned on one side on the boundary of the forest. As per local situation, there is no better option other than sanction D.P road.

This D. P. Road will be useful for nearby villages, Wagholi Manjri & it play role as parallel road to Pune -Amhadnagar Highway.

There is old road about 300 Mt. long X 6 Mt. Wide. Passing through Kharadi Forest Gut no 74. Due to the existing road Forest area divide in to two parts. Now proposed D. P. Road is passing on

the forest boundary, & the total length in forest land is 180 Mt. This is shortest distance. There is no alternative because river Mutha is on one side & industrial I. T. Free Zone Building on other side of forest land.

The proposed D. P. Road is comes under PROJECT MANAGEMENT CELL OF Pune Municipal Corporation. This P. M. Cell is mainly working on the works under centrally sponsor Scheme i.e. Jawaharlal Nehru National Urban Renewal Mission scheme of GOI. The proposed road will be constructed by using Cement & not by using asphalt.

As in guideline dated 7/2/2013 - about Modification in para 4.4 and 2.2(ii) As the D. P sanction road passing through Forest & non-forest land. There is excising old road & upgradation work of this road on non-forest land was carried out. This was important for people. Kharad Gut no 75 land is property owned by Pune Municipal Corporation. & Gut no 74 is Reserved Forest. The work was not started on forest land as per instruction given by Forest Department. Project Authority has stopped all work on non-forest land & up to today the work is not restarted.

There is no alternative non-forest land available and the area is to be diverted is not sensitive and hence will not have any adverse effect on the ecology of area. The concerned area has been visited on Dt. July 2015. Hence this proposal is recommended.

(Satyajit Gujar)
DY. CONSERVATOR OF FOREST,
