Proposal No.: **FP/RJ/ROAD/151862/2022**

Site inspection of the land involved in the proposal was done by the undersigned on 14.02.2023 with ACF, Jamwaramgarh, Range Forest Officer, Raisar and the staff in the presence of AEN, Mr. R.P Meena, the representative of the user agency. The forest land required by the user agency is **3.5568 ha of forest land.**

The required conversation of land as proposed by the user agency is unavoidable and is minimum required for the project. The project involves widening of existing road, so there will removal of trees as observed during the site inspection. The details are filled in the part III.

The area contains representative flora of Aravali region. Movement of tiger (*Panthera Tigris*) (endangered) and Leopard (*Panthera pardus*) (vulnerable) is found in the sanctuary area around.

Whether any protected archaeological/heritage site/ defence establishment or any other important monument is located in the area. If so, the details there of with NOC from competent authority/, if required- **No.**

(a) **The user agency has not violated the provisions of Forest (Conservation) Act, 1980 and no work has been started without proper sanction.**

(b) It has been found that the user agency has violated the Forest (Conservation) Act, 1980 provisions – N.A

(A detailed report as per para 1.9 of Chapter I part C of Hand Book of Forest (Conservation) Act, 1980 is attached).

(Note: Whichever of the above is applicable should be shown in bold letters)

The proposed project is going to have some impact on the bio-diversity of the area as it involves cutting of number of trees. Habitat of the arboreal birds/animals might be destroyed by this. So, this project is recommended with the condition that user agency will change the road alignment wherever necessary to avoid uprooting/ cutting of trees.
