13. Specific recommendations of the DCF for acceptance or otherwise of the proposal with reasons. :
The present proposal for diversion is in continuity with the existing mining lease. This makes the whole area vulnerable to erosion and may result into deep sedimentation in the Lower reaches of river. Moreover, the user agency has not proposed any alternative site for mining, while other areas may be available outside forest land for mining of stone. The agency has not proposed the land which will be made available for compensatory afforestation.
