

**Site Inspection Report In Respect Of The Land Diversion Proposal Received Vide State  
Serial No. FP/TR/REHAB/50628/2020**

The site inspection of the forest land proposed for diversion was done on **16.10.2020** along with officials from Forest Department, and representative of the User Agency.

The observations were recorded as follows:-

1. The site inspection of the land involved in the proposal has been done on dated **16.10.2020**.
2. On inspection of the site, it is found that the land required by the User Agency is a forest measuring 10 Ha.
3. The requirement of forest land as proposed by the User Agency in Col. 2 of part-1 is unavoidable and is barest minimum required for the project.
4. The forest land proposed for the diversion is located within the forest boundary under Kanchanpur Forest Sub-Division.
5. The Proposed land is surrounded by forest area, so there also needs a proper fencing in the future, as the project materializes.
6. There are good numbers of trees with a canopy of about 50%, so a natural interpretation center may be created at Kanchanpur, for the creation of the awareness among the people and the conservation of the Natural History of the region.
7. The area does not form part of National Park, wildlife Sanctuary, Biosphere reserve, Tiger Reserve, Elephant Corridor etc.
8. The nearest distance of proposed land for diversion is 14.25 km from the boundary of the Rowa Wildlife Sanctuary.
9. No endangered/ unique species of flora and fauna have been reported in the area.
10. The area is no protected archaeological / heritage site and there is no defense establishment.
11. There are no important religious sites.
