

## **SITE INSPECTION REPORT ON DATE 01.10.2022**

The Proposed site was inspected by the undersigned on dated 01.10.2022 in presence of Shri S.P. Suman, Divisional Forest Officer, Chatra South Division, Shri Manoj Kumar, Project Officer, CCL Chandragupta, Shri M.P. Panna, Range Forest Officer, Tandwa Range, Shri C.L. Shah, , Range Forest Officer, Barkagaon Range and other subordinate officers and staffs of Forest Department and CCL . The forest area proposed for diversion for open cast coal mining is 400.96 Ha (P.F- 241.23 Ha. and GMJJ- 159.73 Ha.) under Chatra South Forest Division, mainly contain coppice sal forest mixed with miscellaneous patches with old plantation. The area is prone to soil erosion and hence special provision for Soil Conservation measures for nearby forest areas may be prescribed.

**Density of the vegetation -0.6 (approx)**
