The user agency has proposed diversion of forest area for widening of two lane with paved shoulder of NH 219 from KM 40.46 to 46.80 in Kaimur Forest Division under EPC Mode.

The proposed site is along Mohania- Bhabua- Chainpur- UP Border with an area of 8.00 Ha. Since its along the road, thus its diversion is unavoidable.

The Density of vegetation is bare minimum (approx 0.1) and diversion area is 8.00 Ha. The proposed site is Protected Forest declared via Government of Bihar vide S.O. No. 400 Dated 31.12.1996. Animals like as Blackbuck, Monkey, Langur, Ghorparas etc are thinly distributed in the area. As per my field inspection no protected archaeological/heritage site defense establishment or any other monument is located in this area. No endangered flora or fauna is present at the location.
