

RECOMMENDATION

Recommended, as the project is for the purpose of construction of " Water Supply Scheme " which will meet the need of the people of the Heingang Awang Leikai and its neighbourhood in the Imphal East District. The setting up the Water Supply Scheme will definitely make the people of the area able to lead a healthy and comfortable life and thus will have a positive impact on conservation of forest & wildlife of the area in particular and state in general. Therefore, the project is recommended for consideration.
