b) Non Forest Land	187.401 ha.
v) Progress of Compensatory afforestation as on-	11.77 ha.
(a) Forest Land	166.621 ha.
(b) Non- Forest Land	

- 13 Specific recommendations of the deputy conservator of forest for acceptance or otherwise of the proposal with reasons

The project is for the supply of drinking water to the people of Shirur Nagarparishad. As the WTP is surrounded by forest land there is no alternative to install the above pipeline also Nagarparishad does not demand the extra Forest area for the approach road to WTP they will use the same land width of pipeline for day to day maintenance of pipeline and its components. The project is part of critical infrastructure and linear project which meet the requirement of drinking water to the local people. Hence it is being recommended for sanction.
