

Recommendation

The Superintending Engineer, General construction circle, TANTRANSCO, TATABAD, Coimbatore has uploaded online application under sec (2) of Forest (Conservation) Act 1980 for diversion of 2.09 Ha of Forest land in Bolampatty Block - III and Thadagam Reserved Forest of Coimbatore Forest Division for laying 110 KV Double circuit line on Kanuvai hill from Othakalmandapam to Thudiyalur at Somaiyampalaym 110 KV SS in Coimbatore District.

I have inspected the above said area on 10.01.2015 and found that there is no tree growth on the proposed area. Since the user agency is laying 110 KV double circuit line and height of the line is 13 metre from the ground level, it will not hinder the movement of wild animal and there is no possibility of alternative alignment of the circuit line. Therefore I recommended this proposal in the interest of public to provide electricity.

District Forest Officer,
Coimbatore Division,
Coimbatore - 43.
