

**Specific Recommendation of the DCF**

Construction of RCC High level Bridge after Narganjo to Bakhoribathan Forest of Salkhar Jor in Jamui district under forest (Conservation) Act-1980 Project is related with the widening and strengthening of existing Reserved Forest Bridge. This Project is related to construction of RCC High level Bridge on Narganjo to Bakhoribathan path of length 24 meter. The user agency for this project is Rural Works Department Jhajha Division jamui. This project seeks to connect 4 large village with cumulative population of around 400. Apart from above, the possibility of damage to natural forest and wildlife due to proposed project will be minimal if work is carried out carefully. Therefore in light of the above mentioned points this project can be accepted.

  
Divisional Forest Officer  
Jamui Forest Division, Jamui.
