

**Specific Recommendation of the Divisional Forest Officer, North  
Wayanad Division**

**Proposal No. SP/KL/OFC/155484/2022**

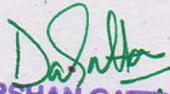

For the above mentioned project, specific recommendations for the project are appended.

1. Since, the two stretches of OFC are passing through the forest area which has 2 Forest Offices – Begur Section and Thirunelly FS – which are facing high Man-animal conflict issues and Left wing extremism issues (Thirunelly Gram Panchayat is 90 % forest area), it is recommended that the user agency should provide two 4 X 4 vehicles along with maintenance for 2 years for conflict mitigation measures (RRT) and patrolling purpose along the stretch of OFC.
2. The UA should also close the trench properly after laying cable to avoid any casualty to wild animals.
3. The UA should also provide FTTH and last mile connectivity to all the Forest offices and tribal colonies under this division.

Place: Mananthavady

Dt: 23.05.2022
