

SITE INSPECTION NOTE

On 10.10.2019 the proposed site was inspected.

During inspection it was found that the applied area comprises of Notified Forest Land, Jungle Jhar Govt. as well as Raiti Land. The notified forest land is almost in between the Raiti and non forest Govt. land. There are only plash trees present in the proposed forest land.

A natural stream crosses almost at the middle of the proposed land. Artificially a drain needs to be developed at the periphery of the proposed area so that the flow of water is not affected.

No rare, endangered flora and fauna was found during inspection.
