

PART- III

(To be filled by the concerned Conservator of Forests)

14. Whether site, where the Forest land involved is located has been inspected by concerned conservator of Forests (Yes/No). If yes, the date of inspection & observations made in form of inspection note to be enclosed.
- **Yes, on the 21st February, 2022. (Inspection note enclosed).** There are about 3121 numbers of standing trees, all of these are fit for firewood only.
15. Whether the concerned Conservator of Forests agree with the information given in Part-II and the recommendations of Deputy Conservator of Forests.
- **Yes.**
16. Specification recommendations of concerned Conservator of Forests for acceptance or otherwise of the proposal with detailed reasons.
- The project is meant for mining of Shale-Siltstone mining project over an area of 5.156hac of Forest land (Private deemed) Forest. The requirement area of 5.156hac for the proposed project of M/S Lafarge Umiam Mining is unavoidable and barest minimum and also the proposed Shale-Siltstone mining will help in generating revenue for the state and also cater the need and create employment opportunity for the local people. Hence the project is recommended.
