

Inspection note, Finding & Recommendation with reason.

The proposed site was inspected on 26.07.2021. The Divisional Forest Officer & subordinate staff and representative of the user agency were present during inspection. The factual details are stated below.

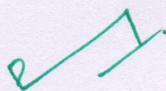

1. The proposal is to establish LILO of Kishanganj-Darbhangha 400KV D/C (QUAD) Line of power grid at Saharsa (new) substation from Loop-In & Loop-Out. The proposed transmission line passing through protected Forest notified canals viz Supaul sub branch canal at Simra and Digha and Itari Minor Canal.
2. The total forest area required is 0.608Ha. at three different places attached with this proposal. The transmission line is crossing along the various canal side either perpendicularly or diagonally, which is protected forest by Govt. notification vide no. 1441E dt. 16.11.1994 & No. 190E dt. 16.02.1994.
3. There are no rare/ endangered/unique species of flora & fauna present in the proposal site. Further no archaeological site & defence establishment are present on the area concern.

On the basis of the recommendation of the Divisional Forest Officer & the inspection done by undersigned, the proposal may be accepted on the following reasons :-

- a. In order to meet the demand of electricity of the people, the proposal is essential to strengthen the power supply.
- b. The acceptance of the proposal, as it entails, provision of compensatory afforestation, as it customary, may help to increase forest density & green cover.

Place :- Purnea
Date :- 26.08.2021
