

RECOMMENDATION

The proposal is for diversion of forest land needed for construction of 132 KV from Simdega sub -station to Manoharpur sub- station transmission line which will facilitate the transfer of power from the power surplus states to the state of Jharkhand which in turn will help in achieving all aspect of development and economy. The forest area proposed for diversion is the barest minimum.

The proposed forest is visited by wild elephants sometimes causing man elephant conflict. These elephant come either from Saranda Forest and Orissa state. The user agency be put to condition for helping in Wild Life Management especially to mitigate man-animal conflict.

In the broader interest of the Nation and the State, the submitted proposal for diversion of 8.272 Ha forest land and 14.842 ha jungle jhari land (Total 23.114 Ha.) meant for laying of transmission line from 132 K.V., Simdega to Manoharpur Sub station is being forwarded with recommendation for acceptance.
