

SITE INSPECTION REPORT

The undersigned inspected the area which will be affected by the diversion proposal submitted by the user agency on 29th of Nov 2023.

As seen on the day of inspection, the area covered is slightly prone to erosion as the road alignment lies in hilly area

No rare/endangered/unique species of flora and fauna are found in the project area.

No archaeological/ heritage site/ defense establishment or any other important monument is located in the area.

The requirement of forest land as proposed by the User Agency in Col.2 of Part-I is unavoidable and barest minimum for the project.

No works in violation of Forest (Conservation) Act 1980 has been observed in the project area.
