

## Recommendation

Inspected the proposed area on **20-04-2022**. The land requested for diversion in the proposal is the optimum required for 400 KV Quad D/C Transmission Line and is unavoidable. The alignment is proposed in such a way that forest area requirement is barest minimum. The User Agency has asked 400 KV Quad D/C Transmission Line only average 46 Mtr width Corridor stating that, the Transmission Line is passing through Tenkamijaru RF and Tenkamijaru, Badagamijaru, Kallamundkuru Village Deemed Forests. Accordingly, area is calculated and it is minimum. The land required by the User agency in the Reserve Forest and Deemed Forest measures 8.968Ha. in Kundapura division

On inspection of the site, it is found that, the land required by the User agency is in Reserve Forest measures **1.066Ha.** and in Deemed Forest measures **7.902Ha.**

The requirement of Reserve Forest area and Deemed Forest as proposed by the User agency in Col.2 of Part-I is unavoidable and it is a barest minimum requirement for the project. It is found that 830 trees are present in the area proposed for diversion.

The User agency has to pay the NPV and also User agency has to bear the cost of raising of CA plantation. The **8.968ha.** of forest area is recommended for diversion under the Forest (conservation) Act, 1980.

Date: 26-04-2022

Place: Kundapura.
