

Inspection note, Finding & Recommendation with reason.

The proposed site was inspected on 25.09.2021. The Divisional Forest Officer and representative of user agency were present during the inspection. The factual details are stated below.

1. The proposed Natural gas pipeline laying project is to be implemented in land which is protected forest Government land.
2. 0.172455Ha. protected forest land is proposed for diversion for this project.
3. There are no rare/endangered/unique species of flora & fauna found in the area. Also no archaeological site, heritage site, defence establishment or any important monument is present on the area concerned.

On the basis of the recommendation of the Divisional Forest Officer & the inspection done by undersigned, the proposal may be accepted on the following reasons.

1. The project is proposed for providing clean fuel energy to the local people.
2. The project involves no tree felling.

Place :- Purnea
Date :- 27.09.2021
