

## Site inspection report of the Divisional Forest Officer, Jalpaiguri Division

Visited the proposed site along Gayerkata – Khuttimari road from Modhubani to Khuttimari in forest compartments of SMG 1,2 & 3 at the left side while going from Gayerkata to khuttimari, under Moraghat Range, Jalpaiguri Division.

There is already exiting one 5.50-meter-wide black top road of PWD. The drawl of 11 KV feeder overhead electric line is proposed to be aligned at the left side, while going to Khuttimari from Gayerkata, of the said road. The starting coordinates is  $26^{\circ}42'43.47''$  N  $88^{\circ}00'54.15''$ E & ending point is  $26^{\circ}43'18.19''$  N  $88^{\circ}58'17.60''$ E. The leaner strip of forest land is measured as two (2) miter in width & 4500 miter in length. Total area is 9000 squire miter ie 0.90 Hectare is required in the project.

No objection is hereby issued to continue the process diversion of the patch of 0.90 Hectare.

Divisional Forest Officer  
Jalpaiguri Division
