**RECOMMENDATION REPORT OF THE PROPOSED DDUGJY SCHEME – STRINGING 11 KV AB
CABLE, ELECTRICAL SECTION , CHELAKARA**

Inspected the proposed site with Divisional Forest officer, Thrissur, Range Officer Machad and other field staff of Machad Range on 18/12/2017. The proposed site is located at Naduppakund, vennur village, Chelakkara, Thrissur district,

An alternate arrangement of feeder stringing of 1.8 KM aerial bunched cable along the road side through Reserve Forest for interlinking 11KV Pazhayannur and Elanad feeder at Naduppakund is proposed. A total of 0.18 ha is estimated to be diverted for the project .

The proposed area is a linear stretch of Reserve Forest along the road side. No tree felling is required to execute the work and the proposed work does not hamper the flora and fauna of the region. I am therefore of the view that the project may be accorded permission.

Chief Conservator of Forests,
Central Circle, Thrissur
