

SITE INSPECTION REPORT

**Name of Project: Construction of Road Over Bridge on NH-101
between Bargaon-Basantpur**

Joint inspection of the site was done on 19.07.2017. The site is linear and situated along NH-101 Chhapra-Salempur Road near Malmalia chowk. The total area required for the project is 1.361 Ha. 117 trees have been enumerated to be cut and removed for the construction of R.O.B. & its approach road. The construction of R.O.B. is important for smooth passage across the proposed railway line. No endangered/rare/unique species of flora & fauna is found in the identified area. No protected archaeological/heritage site/ defense establishment or any other monument is located nearby. No violation of the Forest (Conservation) Act, 1980 has been committed by the User Agency in this case.
