

Recommendation for acceptance of the proposal:

The proposed 132 KV D/C Sankardev Nagar – Lumding Transmission line is the project received from the Asstt. General Manager, 220 KV Grid Sub-Station, AEGCL, Samaguri having public interest. It will improve the distribution of electricity without causing major damage to the forest land, provided mitigated measures are to be implemented by the user Agency for forest & Environment as per Guideline. Therefore the permission for diversion is recommended for the aforesaid purpose.

Divisional Forest Officer,
Nagaon South Division, Hojai
