

## **Site Inspection Report –Chief Conservator of Forests**

Inspected the stretch of road from Vadakkumpadam –Thampuratty Parambu- Mandanchira on 27.03.2019. The road is abetting Pampatty Reserve Forests, where we have 1994 Teak Plantation along with natural bamboo patches . The area of Reserve Forests is seen consolidated with jundas . The existing road is fair-weather . The lay of the land undulating and eroded at places. Total area of the Plantation is 70 Ha. The boundary of the Reserve Forests is lined with houses and the stretch of road is being used by all of the inhabitants on a daily basis . The road is pretty old and is the only access route available to those inhabiting the area.
