SITE INSPECTION REPORT NOT BELOW THE RANK OF DCF/DFO (For the Forest land to be diverted under FCA)

A proposal has been received by this office from Executive Engineer, H.P.PWD Division, and Jawali for diversion (under FCA-1980) of 0.2220 ha forest land for the construction of link road from Safeda Mod to Dhiman Basti (Km. 0/00 to 0/500). The Site Inspection of the land involved in the proposal has been carried out by me on 17.08.2020. There is an existing Kaccha road in the proposed alignment which apparently had been constructed by the local Panchayat i.e. Gram Panchayat Soldha almost 3 decades back.

2. On inspection of the site, it is found that the land required by the user agency is a forest area measuring 0.2220 ha.
3. The requirement of forest land as proposed by the user agency in Column 2 of Part-I is unavoidable and is barest minimum required for the project.
4. During the site inspection, no rear or endangered species of flora and fauna is found in the proposed forest area.
5. No protected archaeological/heritage site/defense establishment or any other important monument is located in the area.
6. (a) The user agency has not violated the provisions of Forest (Conservator) Act, 1980 and no work has been started without proper sanction.
(b) It has been found that the user agency has violated the provisions of the Forest (Conservation) Act, 1980 Indian Forest Act, 1927/any other forest Act. A detailed report as per para 1.9 of Chapter 1, Part C of Hand Book of Forest (Conservation) Act, 1980 is attached).
