SITE INSPECTION REPORT
(For the forest land to be diverted under FCA)

A proposal has been received by this office from the Executive Engineer, (B&R)
HP.PWD Division Rohru for the diversion (under FCA-1980) of 2-99-34 hect. Of forest
land for non forest purpose. The project envisages the use of forest land for **C/o Andhra
Jhanjwani Gyari road km 0/00 to 8/550**. The site inspection of the land involved in the
proposal has been done by me on dated 12.1.2018

On inspection of the site, it is found that total of 2-99-34 Hectare land required by the user
agency is the part of U.P.F. The requirement of forest land as proposed by the user agency
in Col.2 of Part-I is unavoidable and is barest minimum required for the project. There are
no rare/ endangered/ unique species of flora and fauna in the area. No protected
archaeological/ heritage site/ defense establishment or any other important monument is
located in the area. The user agency has violated the Forest Conservation Act,1980
Provision. A detailed report as per Para 1.9 of Chapter 1, Part C Handbook of Forest
Conservation Act, 1980 is attached. Specific recommendation for acceptance or otherwise
of the proposal.

Recommended for approval under FCA,1980
