

PART-III
(To be filled by the concerned Chief Conservator of Forests)

14)	Whether site, where the forest land involved is located has been inspected by concerned Chief Conservator of Forests (Yes/No). If yes, the date of inspection and observations made in from of inspection note to be enclosed	Not inspected.
15)	Whether the concerned Chief Conservator of Forests agree with the information given in Part-B and the recommendations of Deputy Conservator of Forests.	I agree with the report of Deputy Conservator of Forests, Chikballapur Division, Chikballapur.
16)	Specific recommendation of concerned Chief Conservator of Forests for acceptance or otherwise of the proposal with detailed reasons.	<p>As per the report of Deputy Conservator Forests, Chikballapur Division, Chikballapur the area proposed for the diversion is a part of Haristhala State Forest lying beside NH-7 and the site area has already been diverted to NHAI vide proposal number FP/KA/ROA/2361/2006. The whole area proposed for diversion is devoid of any trees and hence wouldn't require any tree felling and the area is moderately prone to soil erosion due to the adjacent elevated forest land.</p> <p>A linear patch of 0.15 ha in area proposed is to be rediverted for laying of 490 mm Dia MS Pipe Line for Lifting / pumping the secondary treated water from Kandavara lake to Poornasagarakere and onwards fill tanks in Chikballapur District of Karnataka for which NHAI has conveyed their No Objection to the said re-diversion. However, the project is essential for the public utility and the forest area required for the purpose is barest minimum and unavoidable.</p> <p>Hence recommended that the above proposal may be accepted for further needful action.</p>
