16	Proposed area should not be part of any protected area. Also distance from the boundary of the nearest protected area should be more than 10 kms.	Proposed area is not a part of protected area. Proposed area is at above 60 kms from Panna Tiger Reserve																																				
17	Dependence of tribals in the area. Whether the rights of the tribals have been recognized in the area.	There are no tribals residing on the proposed area.																																				
18	Utility of the project, including the people living in close vicinity of the project.	Project is of great importance from national point of view and also for developoment of Agricultural & allied activities, including generation of employment to those living in close vicinity of the project.																																				
19	In case of renewal whether all the conditions stipulated in the earlier sanction order have been complied with.	It is an application for allocation of fresh forest land.																																				
20	Alternatives examined by the user agency in case of non-site specific projects.	Yes, alternatives are examined and proposed forest land is minimum and enviable.																																				
21	A certificate by the user agency that the forest land requested for diversion for non-forestry purpose is bare minimum.	Certificate is obtained from the user agency.																																				
22	Any scope of saving tree growth while ensuring that the purpose for which the forest land is being diverted is also not adversely affected.	No																																				
23	Any other issue of significance.	No																																				
24	Specific recommendations of the DFO with reasons for approval of the project.	Since Kadan irrigation scheme is a project of national importance and it will provide water for irrigation of agricultural land and Drinking water. It will also help adjoining forest area with better greenery and increase of natural regeneration of Flora and Fauna. Hence diversion of 248.76 ha. of forest land is recommended for construction of aforesaid project.
