

## PART-II

(To be filled by the concerned Deputy Conservator of Forests)

7.	Location of the Project/ Scheme										
(i)	State/Union Territory	Maharashtra									
(ii)	District	Pune									
(iii)	Forest Division	Pune Forest Division, Pune									
(iv)	Area of forest land proposed for diversion (in ha)	<table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="width: 50%;">As per demand</th> <th style="width: 50%;">As per recommendation by Dy.C.F.</th> </tr> </thead> <tbody> <tr> <td>Reserve Forest - 32.78</td> <td style="text-align: center;">1.58</td> </tr> <tr> <td>Private Forest - 6.47</td> <td style="text-align: center;">6.47</td> </tr> <tr> <td><b>Total 39.25</b></td> <td style="text-align: center;"><b>8.05</b></td> </tr> </tbody> </table> <p>Detailed area statement attached on page no 15 to 20</p>		As per demand	As per recommendation by Dy.C.F.	Reserve Forest - 32.78	1.58	Private Forest - 6.47	6.47	<b>Total 39.25</b>	<b>8.05</b>
As per demand	As per recommendation by Dy.C.F.										
Reserve Forest - 32.78	1.58										
Private Forest - 6.47	6.47										
<b>Total 39.25</b>	<b>8.05</b>										
(v)	Legal status of forest	Reserve Forest and Private Forest.									
(vi)	Density of vegetation	0.1									
(vii)	Species-wise (Scientific names) and diameter class-wise enumeration of trees (to be enclosed). In case of irrigation/ hydel projects enumeration at FRL, FRL-2 meter & FRL-4 meter also to be enclosed.)	Attached on page no- <u>Not applicable.</u>									
(viii)	Brief note on vulnerability of the forest area to erosion	Proposed forest area is not vulnerable to erosion									
(ix)	Approximate distance of proposed site for diversion from boundary of forest	Zero meters. Along with the Reserve forest boundary.									
(x)	Whether forms part of National Park, wildlife sanctuary, biosphere reserve, tiger reserve, elephant corridor, etc. (If so, the details of the area and comments of the Chief Wildlife Warden to be annexed).	It does not form the part of National Park, wildlife sanctuary, biosphere reserve, tiger reserve, elephant corridor, etc.									
(xi)	Whether any rare/ endangered/ unique species of flora and fauna found in the area. If so, details thereof.	No rare/ endangered/ unique species of flora and fauna found in the proposed area									

(xii)	Whether any protected archaeological/ heritage site/ defense establishment or any other important monument is located in the area. If so, the details thereof with NOC from competent authority, if required.	There is no protected archaeological/ heritage site/ defense establishment or any other important monument is located in the proposed area.
8	Whether the requirement of forest land as proposed by the user agency in col. 2 of Part-I is unavoidable and barest minimum for the project. If no, recommended area item-wise with details of alternatives examined.	The requirement 39.25 ha. Reserve forest land Private Forest land as proposed by the user agency in col. 2 of Part-I out of which 8.05 ha. area is unavoidable and barest minimum for the project.
9.	Whether any work in violation of the act has been carried out (Yes/ No). If yes, details of the same including period of work done, action taken on erring officials. Whether work in violation is still in progress.	No.
10.	Details of compensatory afforestation scheme:	Attached on page no 25 to 28.
(i)	Details of non forest area/ degraded forest area identified for compensatory afforestation, its distance from adjoining forest, number of patches, size of each patch.	Attached on page no 135 to 136.
(ii)	Map showing non-	Attached on page no 135 to 136.

	forest/ degraded forest area identified for compensatory afforestation and adjoining forest boundaries.	
(iii)	Detailed compensatory afforestation scheme including species to be planted, implementing agency, time schedule, cost structure, etc.	Scheme for 8.05 ha. Attached on page no. 25 to 28
(iv)	Total financial outlay for compensatory afforestation scheme	Attached on Page No. 25 to 28.
(v)	Certificates from competent authority regarding suitability of area identified for compensatory afforestation and from management of point of view. (To be signed by the concerned Deputy Conservator of Forests )	Attached on Page No. 41 to 42 .
11	Site inspection report of the CF (to be enclosed) especially highlighting facts asked in col.7 (xi, xii) , 8 and 9 above	Site inspection report attached on Page No. 21 to 24 .
12.	Division/ District Profile	District
(i)	Geographical area of the district.	Geographical area of the Pune district is 15616 sq.km
(ii)	Forest area of the district.	Forest area of the Pune Forest Division is 84878 ha.
(iii)	Total forest area diverted since 1980 with number of cases.	Area 624.66 ha Cases 70.
(iv)	Total compensatory afforestation stipulated in the district/ division since 1980 on	479.76 ha. in Division.
	a) Forest land including penal	74.89 ha.

		compensatory afforestation.	
		b) non forest land.	404.87 ha.
(v)		Progress of compensatory afforestation as on	
		(a) Forest land	74.89 ha.
		(b) Non forest land	404.87 ha.

13. Specific recommendations of the DCF for acceptance or otherwise of the proposal with reasons.

The user agency which is a private ltd company has requested for diversion of forest land for the construction of centre for perfect health which includes meditation centre, wellness centre, yoga study centre, Vedic agriculture research centre, Special bhavan, Vedic krishi research centre, Dhyan bhawan, Nitya bhawan, Shanti bhawan, Family bhawan, community centre hall, Vda centre, Health centre, Go shala, Residential hall for stall, Teachers place, road and pathways. All the above facilities are proposed in Reserve forest gat numbers 54, 74 and 76 and acquired private forest gat numbers in 55 and 56 of Wahangaon village, Mawal tehesils of Pune district in a total area of 39.25 hectares. The scope of the centre for perfect health project also includes meditation and wellness centre including light therapy, gem stone therapy, water therapy etc which are meant for medical tourism.

S. No.	Gat no.	Status of land	Total Area	Area proposed by user agency (In na)	Construction proposed y user agency (In sqm)	Percentage of construction to total Area	Canopy Density	Trees to be felled
1	54	Reserve forest	4.74	1.58	3712	7.83	0.1	0
2	55	Private forest	2.92	2.92	6484.8	22.2	0.1	0
3	56	Private forest	3.55	3.55	6034.7	17.00	0.1	0
4	74	Reserve forest	25.01	25	46617.8	18.65	0.4	45
5	76	Reserve forest	6.2	6.2	12753.0	25.56	0.4	0
		<b>Total</b>	<b>42.42</b>	<b>39.25</b>	<b>75602.3</b>	<b>17.25</b>		

Out of the above S.no.1 is reserve forest which is adjoining to private forest with less density and requires no felling of trees and is the bare minimum land required for the purpose demanded by the project authority. S. no. 2 and 3 are the private forest which has been acquired and is deemed reserved forest with no trees and does not require any felling of trees, but S.no.4 and 5 is large chunk of reserve forest with density of 0.4 and is a successful old plantation too. The user agency is proposing construction activity in the said land which involves feeling of trees. More or less similar construction structures are being proposed in both the survey numbers, these structures are for the commercial purpose and not very site specific, and these can be constructed elsewhere in the property owned by the user agency in the adjoining area.

Considering the above out of the total proposed area, the area of gat numbers 54, 55 and 56 which is 8.05 hectares may be diverted for construction purpose and survey numbers 74 and 76 which is 31.20 hectares dense forest should not be diverted for construction purpose.

Date-27/07/2019.

Place- Pune.

(Sreelakshmi A)

Deputy Conservator of Forests,  
Pune Forest Division, Pune
