

**PART – IV**

*(To be filled in by the Nodal Officer or Principal Chief Conservator of Forests or Head of Forest Department)*

17. Detailed opinion and specific recommendation of the State Forest Department for acceptance or otherwise of the proposal with remarks.

The proposed road will cover one of the most unreachable parts of the state inhabited by native tribes. This road will connect the undeveloped western part of the State of Manipur with Assam. Due to the lack of all weather roads crucial development works including health infrastructures could not be taken up properly in this region of the state and once completed, will enable the inhabitants to benefit from development works and open up their world, thus leading to their progress.

The project proposal may be approved.
