Sub :Reply against query raised on 21/02/2022 against forest diversion proposal No. FP/AS/Others/148210/2021

Ref : Your office letter No. KJ(T)/Mobile Tower/Jio/2022/1105, dated 21/02/2022

Dear Sir,

With reference to the letter under reference, I would like to inform you that Reliance Jio Infocomm Limited proposed the Mobile Tower location as per our technical requirement to provide un-interrupted network of highest quality throughout the length and breath of Assam State. The proposed mobile tower location is unchangeable because of technical requirement of area coverage. During installation of mobile towers we also considered to provide the good mobile network facility to the forest areas and very remote areas of Assam which helped in the better security surveillance. Further, we have tried to reach out to every nook and corner of Assam so that no area is left behind and everyone is connected. It is also a step towards achieving the mission and vision of “Digital India” of our Hon’ble Prime Minister. The need for un-interrupted network connectivity is indispensable both for the Government machinery as well as for the citizens for smooth communication and internet services through mobile and other communication medium including online classes for school and colleges students and online work from home for employees of Government Departments as well as private establishments. We have tried to connect entire Assam including the remote areas as well as difficult terrains.

In view of the above, you are requested to allow the location of mobile tower as per our earlier proposal placed before your honour.

This is for your kind information.

Thanking you.

With Regards

Reliance Jio Infocomm Ltd.
