of Sarvajnik (Ka) Vibhag P.O. No. 2986/XXXII - Forests/58
Lucknow.
dated, June 11, 1965
Sub: - Transfer of roadside plantation along P.W.D. roads to the Forest
Department.

I am directed to say that the question of transfer of road side
plantation along P.W.D. roads to the Forest Deptt. has been under
the consideration of Govt. for some time past. It has now been
decided that the work of roadside plantation and maintenance of
roadside avenue along P.W.D. roads should be transferred to the
Forest Deptt. subject to the following conditions :-

- 1) Roadside plantations and avenue will be transferred from the
P.W.D. to the Forest Deptt. in accordance with a phased programme
to be worked out between the Chief Engineer and the Chief
Conservator of Forests.
- 2) A list of selected species of trees to be planted along the
P.W.D. roads will be prepared jointly by the CCF and Chief
Engineer, P.W.D. in selecting trees for plantation preference will
be given to trees which provide shades.
- 3) To ensure an uninterrupted flow of traffic and also to ensure
an unhindered view of the road ahead, ever hanging branches
of trees over roadside paths shall be chopped off by the
Forest Deptt. so as to provide a clearance of at least 16' from
the road surface. (At present the required clearance is 14' the
rules will be revised to provide for a clearance of 16')
- 4) In case where P.W.D. officers give notice of ever hanging branch
es to the P.W.D. concerned, Forest Deptt. will ensure the cutting
down of the ever hanging branches upto the required clearance.
If, however the Forest Deptt. fails to do so, the P.W.D. would
be entitled to effect the necessary cutting.
- 5) Forest Deptt. will ensure the prompt removal of fallen trees
which hinder or obstruct traffic. If much fallen trees are not
removed promptly by Forest Deptt., P.W.D. would be entitled
to remove them under intimation to the Forest Deptt.
- 6) Before finalising any list of trees to be felled or sold by
Public auction, Forest Deptt. would furnish it to the Engineer
concerned. If the P.W.D. Engineer objected to the cutting of the
any green tree in any reach, the list would be modified accord-
ingly. The final list would be finalized by the Forest Deptt.
only the views of the P.W.D. have been considered.
- 7) Forest Deptt. will meet the fuel and other wood requirements
of the P.W.D. for carrying out its road construction and road
repairing operations.
- 8) Forest Deptt. will give preference for purposes of employment
in the Forest Deptt. to the malis and rates of present employed
in the P.W.D. for maintenance of roadside avenue who would be
surplus to the requirements of P.W.D.

Forest Deptt. will frame new rules and revenue existing
rules for the proper management of the roadside avenues on
the lines indicated above in consultation with the P.W.D.

I am to request that necessary steps may kindly be taken to
implement the above decisions of Govt. and Govt. informed of the
action taken in the matter.

3. Necessary funds for the roadside plantation and maintenance of
roadside avenue after they have been handed over to the Forest Deptt.
will be arranged by that Deptt. from its own budget.
