Subject: Regarding our Proposal for Access Road FP/TN/Approach/39679/2019,  
Your Letter Reference C.No: D/6356/19 dated 23/8/2021

Respected Sir,

Please regret inconvenience caused delay in responding to your letter due to Covid 19 Pandemic. Please find below our clarification for the query raised by your kind office.

1. We request your kind office to refer the Collector Certificate Reference R.C No:7874/2018/B1 : Dated 4/9/2018 states that there is no Access Road to the our private land other than Forest Land.
2. The suggested approach road is the only shortest access to our property, Change in approach road access is suggested by Principle Chief Conservator of Forest (Head of Department) Reference C.No TS3/19488/2019 dated 18/6/2019 to lookout for Alternate route for Access due to the reason that any existing public access road (referred as Route No:6 in your letter) cannot be diverted to private access as per Section 2 of Forest Conservation Act 1980, we have only suggested the alternate shortest possible road access, Apart from this there is no other alternate access to our Land.
3. Requesting by our existing proposal unwanted Fragmentation is much minimized without affecting the forestry also it has only very few patchy bushes and Plants.

Request you kindly to consider the suggested current proposal for Approach Road for our Property.

Thanking You,

Yours Truly

Pallavarajha
