This figure is a detailed topographic map of a region in India, specifically the Malwa Plateau area. The map is presented in a grid system with columns labeled A through E and rows labeled 1 through 8. The map includes contour lines, elevation markers (in feet and meters), and various symbols representing terrain types and human-made features. Key features include the Son River, several reserved forest areas (e.g., MALAUTI RESERVED FOREST, NARGHI RF, KOTIGARH RESERVED FOREST, CHIHUDA RF, PATHRAPANI RF, BANSA RESERVED FOREST), and numerous settlements marked with red dots. A red circle in the top-left corner highlights a specific area for closer inspection. The map also shows railway lines, roads, and other geographical details. The vertical axis on the left indicates latitude (23° to 24° N) and the horizontal axis indicates longitude (81° to 82° E of Greenwich). A scale bar at the bottom indicates distances up to 4 km.
