

**SITE INSPECTION REPORT IN RESPECT OF THE LAND DIVERSION PROPOSAL RECEIVED VIDE  
STATE SERIAL No. FP/TR/TRANS/48171/2020**

The site inspection of the forest land proposed for diversion was done on **13-01-2021** and **04-03-2021**, along with officials from Forest Department, Revenue Department and representative of the User Agency.

The observations were recorded as follows:-

1. The site inspection of the land involved in the proposal has been done on dated **13-01-2021** and **04-03-2021**.
2. On inspection of the site, it is found that the land required by the User Agency is a forest measuring 21.3339ha.
3. The requirement of forest land as proposed by the User Agency in Col. 2 of part-I is unavoidable and is barest minimum required for the project.
4. The forest land proposed for the diversion is located within the forest boundary under Ambassa and Manu forest Sub-Division.
5. There is significant and endangered species of wildlife like Hog deer, porcupine, slow loris, Hillock gibbon, jungle fowl, python etc and different bird species present in the area. This area has richness of NTFP and medicinal plants so user agency should give focus on conserving the wild life and medicinal plants present in this area.
