Sl. No.	Undertaking/ Certificate / Authenticated Maps to be furnished	Compliance submitted by JSW
4	Certificate under FRA -2006 in respect for the forest land involved in the project.	<p>We have submitted application No.JSW/U/O/2018/298 dated 23.10.2018 [ANNEXURE-15A] to the Collector & District Magistrate, Keonjhar for ensuring compliance of FRA & issuance of a Certificate.</p> <p>Further, The Collector & District Magistrate, Keonjhar vide it's letter No. 2101 dated 20.12.2018 [ANNEXURE-15B] has directed to The Project Administrator [PA], ITDA, Keonjhar-cum-District Nodal Officer, FRA for enquiring the matter on the settlement of rights.</p> <p>Subsequently, PA, ITDA vide it's letter No. 3449 dated 29.12.2018 [ANNEXURE-15C] has requested to Tahasildar, Barbil for ensuring the compliance of FRA, 2006 in respect of thr forest land involved in the project.</p> <p>In this regard, we are submitting an Undertaking in FDP at UNDERTAKING-4.</p>
5	Prior recommendation of National Board of Wildlife and prior leave of Supreme Court of India if the activity is to be taken up in National Park/ Sanctuary or parts thereof.	Not Applicable since the proposed activity is not taken up in any protected areas/National Park/Sanctuary or parts thereof.
6	Certificate as regards the fact that in case approval under the Act for diversion of the forest land is declined, it is technically feasible to execute the project along an alternate alignment without involving diversion of forest land.	<p>Odisha Industrial Infrastructure Development Corporation [IDCO], The Nodal Agency for providing Industrial Infrastructure, has handed over the possession of already leased out land admeasuring 74.366 Ha of land situated in the villages of Gobardhanpur, Bhagalpur, Sialijoda and Lahanda in favor of JSW Utkal Steel Ltd. through a registered lease deed No. 1031800330 dt. 23.06.2018. Beside this, we have submitted a proposal for acquisition of balance required land to IDCO in order to make the project contiguous and compact for its industrial facilities.</p> <p>The leased out land by IDCO is involves Sabik Kizam Forest land [non-forest land recorded as forest land as on 25.10.1980] & balance land acquisition proposal also, involves small extent of revenue forest land proposed to be diverted in the layout design plan. Since the patches of Sabik Kizam Forest & Revenue Forest land are located in between the leased out area /being acquired land and no other option is left for realignment of the plant layout, it is very much essential to go for diversion of the said patches of forest land as per MOEFCC's letter No. F. No. 8-78/1996-FC(Pt), dated 10.03.2015. [ANNEXURE-18]</p> <p>Hence, technically alternate alignment without involving diversion of forest land is not feasible.</p>
