MSPL/RIOM/DCF/EDS/2022-23

Dated: 13.03.2023

To,
The Range Forest Officer,
Sandur North Range,
Sandur.

Respected Sir,

Sub: Diversion of 32.49Hectare of forest land (30.09Ha for Mining lease and 2.40Ha for approach road) in Ramanamalai Block Forest, Sandur Taluk, Ballari District (Ramdev Iron Ore Mine ML No. 2563 erstwhile C- category mine e-auctioned) in favour of M/s. MSPL Limited, the preferred bidder. (Proposal NO. FP/KA/MIN/50114/2020 (Form-A)-Reg.

Ref: 1. DCF office Letter No: M1/MNG/MSPL/M.L.2563/2019-20 Dated: 06.02.2023.
 2. DCF office Letter No: M1/MNG/MSPL/M.L.2563/2019-20/188 Dated: 14.12.2022.
 3. MOEF&CC, IRO office Letter F.No.4-KRC1387/2022-BAN/920 Dated: 07.11.2022.
 4. MOEF&CC, IRO office Letter F.No.4-KRC1387/2022-BAN/1031 Dated: 02/06.12.2022.

With reference to the above subject and reference No.1 cited above, we are herewith submitting the following point wise information/clarification for the details sought by MoEF, IRO and have furnished the necessary documents.

Detail sought by Forest Department	MSPL Reply /Clarification
I. Approach road to the mine is having an overlapping road with the mine of M/s Lakshmi Minerals for which FC proposal is made by Lakshmi Minerals for 0.22 ha of forest land.	This 0.22 ha of forest land is located in the approach road area which is being used by maximum lessees of RM range Mines. It is not contiguous to the Mining lease. Hence, we have not included 0.22 ha of forest land in our proposal. It was applied by M/s Lakshmi Minerals. We will take consent/NOC for using this road, once they get stage-II approval.
II. The user agency also requires 1.30 ha of FC approved area of M/s Lakshmi Minerals for approach road. Therefore the proposal for approach road shall include diversion/re-diversion of these areas in the proposal	We made a request to M/s Lakshmi Minerals to issue consent/NOC for 1.30 ha (860 mtrs) of approach road vide our letter dated 12.11.2019. Letter attached in Annexure-1 . Since they are delaying/avoiding the matter, we made a request to the Director, Department of Mines and Geology, Bengaluru with a copy to the PCCF (FC) & Nodal officer to issue consent/NOC as per the ML condition to provide Right of way to the neighboring leases vide letter No.MSPL/RIOM/DMG/02/2020-21, Dated 05.06.2020. Letter attached in Annexure-2 . Hence we request for re-diversion of 1.30 ha area as per para 5.6 (b) of Chapter 5, Part-B of Handbook of guidelines for effective and transparent implementation of the provisions of Forest (Conservation) Act, 1980 dated 28.03.2019.
III. It was also learnt during the site inspection that the earlier lessee was using a different road to the mine. Therefore approach road alternatives should be examined properly and finalized, and while doing so, non-forest areas should be preferred and forest land should be the last option when its use is inescapable.	Earlier Lessee was using a different road from mines to Ramghad Railway station before 2010. Now the road is in disturbed condition and closed in maximum areas with full vegetation. Alternative approach roads examined thoroughly including above mentioned road. We calculated the distance from mines to SH 49 road junction point (between Venkatagiri and jaisinghpur villages) through ODR road

With reference to the above subject and reference No.2 cited above, we are herewith submitting the following point wise information/clarification for the details sought by MoEF, IRO and have furnished the necessary documents.

Detail sought by Forest Department	MSPL Reply /Clarification
I. The permission obtained by state Government from Hon'ble Supreme Court for e-auction of ML NO: 2563 as sought by this office vide letter no FCA/16.1/105/KAR/MIN/672 Dt: 30.09.2020 may be provided.	Attached the court order copies dated 30.07.2015 and 13.09.2017. in Annexure-4
II. PCCF while forwarding proposal has reported that as per the joint survey conducted by CEC and as per digitization of sketch, the extent of Mining lease is 30.09 ha. Further, it is also reported that certain extent of area is overlapping with adjacent mining leases and therefore, it was proposed to consider the forest clearance over and mining leases and therefore, it was proposed to consider the forest clearance over and extent of 32.486 ha (i.e., 30.826 ha. For mining and 2.40 ha. For approach road). However in Part-III. IV & V the entire area of 32.49 ha. i.e., 30.09 for mining and 2.40 ha. For approach road is recommended. This may be clarified.	This may be clarified by DCF Ballari.
III. As per satellite imagery the non-forest land of 15.3 ha. Identified in Amagaon village towards CA is already having vegetation. Therefore, it may be clarified whether the identified non-forest land can support planting of 1000 trees per ha as per FC guidelines. If not, the details alternate degraded forest land identified for planting of remaining plants may be furnished. The site suitability of non-forest selected for CA may also be furnished.	The letter form DCF, Belagavi dated 17.01.2023 for site suitability certificate of CA land & CA scheme for 10 years and details of alternate degraded forest land identified for plantation is attached in Annexure-5 for your reference.

UPON hearing the counsel the Court made the following
O R D E R

The issue with regard to modalities that would govern the auction of the Category 'C' mines which have been ordered to be cancelled by our judgment and order dated 18th April, 2013 passed in Writ Petition (Civil) No. 562 of 2009 [Samaj Parivartana Samudaya and others versus State of Karnataka and others] and other connected matters is being dealt with by the present order.

Shri Nilaya Mitash, IAS, Secretary, Commerce and Industries Department (Mines), Government of Karnataka, Bangalore is personally present in Court at the request of the Court. From the materials on record and the statement made by Shri Nilaya Mitash, Secretary, Commerce and Industries Department (Mines), Government of Karnataka, it

appears that 15 of the Category 'C' mines are ready for auction. We, therefore, direct that the auction of the aforesaid mines, details of which are indicated herein below will commence immediately and stand concluded within outer limit of 32 weeks, preferably within 26 weeks with effect from today.

S.No.	Name of the Mine	ML No.
1.	Deccan Mining Syndicate (P) Ltd.	2525
2.	Karthikeyas Managanese	2559
3.	Hothur Traders	2313
4	V.S. Lad & Sons	2290
5.	B.R. Yogendranath Singh	2186
6	M/s Lakshminarayan Mining Co.	2487
7.	Rama Rao Paol	2621
8.	Ramgad Mines & Mineral Pvt. Ltd.	2451
9.	M/s Channakeshava Reddy	2566
10.	M/s Nidhi Mining Company	2433
11.	M/s S.B. Minerals	2393
12.	M/s Srinivasalu Mines	2631
13.	M/s Tungabhadra Minerals Pvt. Ltd.	2365

14.	M/s Tungabhadra Minerals Pvt. Ltd.	2366
15.	M/s Mineral Mines and traders	2185 (A)

The modalities which would govern the auction would be as follows:

1. The lease boundary of each of the mining lease will be as approved by this Court by judgment and order dated 18th April, 2013.
2. Only the end-users engaged in production of sponge iron and/or pig iron and/or steel and/or pellets will be eligible to take part in the auction. The end-users will include Public Sector Undertakings;
3. The reserve price under Rule 8(1) Mineral (Auction) Rules, 2015 will be specified in the tender documents at 35%.
4. The permissible annual production will be as prescribed under the approved R&R Plan prepared until such time that the same is modified by this Court.

5. The successful bidder/lessee will be required to produce and dispatch every year at least 50% of the permissible annual production as prescribed under the approved R&R Plan. Whenever the dispatch in a year is below the guaranteed dispatch as indicated above in that case irrespective of the quantity actually dispatched the total amount payable during the year will be based on the guaranteed dispatch. In addition, the lessee may also be required to surrender the lease. This condition will not be applicable during the initial period of 18 months provided to the successful bidder/lessee to obtain the statutory approvals;

6. The successful bidder/lessee will be required to implement the prescriptions/provisions of the approved R&R Plan in accordance with the guidelines approved by this Court. The cost incurred for this will be reimbursed by the State Government to the successful bidder/lessee after recovering the same from the erstwhile lessee;

7. Consortium of end-users will not be eligible to participate in the auction;

8. The existing statutory approvals/clearances in favour of the lessee of the erstwhile Category 'C' mining leases will be transferred in favour of the new lessees. The concerned authority will take expeditious action for the grant of the statutory approvals such as the environmental clearance and approval/TWP under the Forest (Conservation) Act, 1980;

9. The State of Karnataka will be at liberty to reduce the reserve price for the mining leases for which no bid above the reserve price is received;

10. The sale proceeds of the auction, for the present, will be credited to the Consolidated Fund to the extent of 75% and 25% to the account of the Special Purpose Vehicle (SPV). This will be subject to such further orders as may be passed;

The above conditions will naturally be in addition to all requirements spelt out by the amendments to the Mines and Minerals (Development and Regulation) Act, 1957 and the Mineral (Auction) Rules, 2015.

On behalf of State of Karnataka a further submission has been made that for the present auction in respect of 9 mines whose size is very small may be kept in abeyance and out of the remaining 27 mines the exploration work may be permitted to be done in two phases. In the first phase, 15 mines [10 in Bellary, 3 in Tumkur and 2 in Chitradurga Districts] are proposed for exploration. According to the State, the exploration work is likely to be completed by June 2016 whereafter the remaining 12 mines will be taken up for exploration and completed by the end of January, 2017. This, however, is subject to such orders that the Court may pass upon consideration of the feasibility of commencement of exploration work in a situation where the issue of enhancement/reduction of the cap on production is pending final decision. Upon due consideration, we direct the State of Karnataka to proceed with the exploration work as indicated above.

I.A.NO.219 IN I.A.NO. 204 IN W.P. (C) NO.562/2009

Learned counsel appearing for the applicant prays for liberty to withdraw I.A. No.219 for intervention. He is permitted to do so. Accordingly, I.A. No.219 is closed on withdrawal.

I.A.NO. 204 IN W.P. (C) NO.562/2009

Mr. M.K. Jiwrajka, Member Secretary, Central Empowered Committee (CEC) on being called upon by the Court with reference to the prayer of the applicant-Federation of Indian Mineral Industries (FIMI) made in paragraph 42 of the Additional Affidavit dated 20th February, 2015 in I.A. No.204 has made a statement that the production limit of all the mines taken together may exceed the cap of 30 Million Metric Tonnes. However, the actual production cannot exceed the said figure.

In view of the aforesaid statement made by Mr. Jiwrajka, Member Secretary, CEC, we see no difficulty in the CEC considering the prayer made by the applicant FIMI in paragraph 42, as stated above, which obviously will be as per the norms contained in Para 8 (21) of the judgment in Samaj Parivartana Samudaya and others Versus State of Karnataka and others (2013)8 SCC 154].

A prayer has also been made in the Additional Affidavit filed on behalf of the FIMI dated 21st March, 2015 for a direction to the CEC to refund the guarantee monies deposited by the lessees who have completed the R&R works, after necessary satisfaction that the works have been completed. The CEC is to file a report on completion of such works by the leaseholder(s) whereafter the Court will pass appropriate orders.

UPON hearing the counsel the Court made the following
O R D E R

1. The issue of implementation of the Comprehensive Environment Plan for Mining Impact Zone (CPMIZ) pursuant to this Court's previous orders is the subject matter of consideration for the day.
2. In this regard we have read and considered the reports of the CEC, particularly, the report dated 10th August, 2017. We have also read and considered the notes submitted by Shri M.K. Jiwrajka, former Member Secretary, C.E.C., pursuant to this Court's order dated 16.8.2017. We have heard Shri Shyam Divan, learned *amicus curiae*, Shri Ranjit Kumar, learned Solicitor General, Shri P. Chidambaram, learned senior counsel appearing for FIMI (Southern Region) and Shri Raju Ramachandran, learned senior counsel appearing for the State of Karnataka.
3. By our previous order dated 21.03.2017, we have made it clear that the truncated scope of consideration, insofar as implementation of CPMIZ is concerned, would be the issues of relating to a conveyor belt system; railway sidings and railway sub-lines. Consideration of all other aspects of the Scheme recommended by the CEC was deferred.

4. Having now considered the matter, we are of the view that what has been stated by Shri Jiwrajka in paragraph 24 of the note submitted to the Court is a suggestion that the Court would like to act upon. The said suggestion is to the effect that as nine mines mentioned in paragraph 24 produces about 80% of the iron-ore in the Districts of Bellary and Chitradurga, the primary concentration of the Court to control pollution and ensure a safe environment should be, in the first instance, in respect of the aforesaid nine mines. The names of leases and the other particulars as set out in the note of Shri Jiwrajka is extracted below:-

S.No.	Name of the Lease	District	MPAP
1	NMDC Ltd. (ML No.1111)	Bellary	6.00 MMT
2	NMDC Ltd. (ML No.2396)	Bellary	6.00 MMT
3	MML (ML No.2605)	Bellary	1.06 MMT
4	MML (ML No.2629)	Bellary	3.00 MMT
5	Sesa Goa (ML No.2677)	Chitradurga	2.29 MMT
6	MSPL (ML No.2416)	Bellary	1.80 MMT
7	SMIORE (ML No.2580)	Bellary	1.60 MMT
8	B.Kumar Gowda (ML No.2516)	Bellary	1.26 MMT

9	VESCO (ML No.2296)	Bellary	1.10
	Total		24.11 MMT (79%)

5. Out of the aforesaid nine mines two mines of NMDC can be left out of consideration for the present as there is a conveyor belt system already operating therein. Insofar as MSPL (ML No.2416) is concerned, there is a special suggestion of Shri Jiwrajka keeping in mind that the aforesaid lease is expiring in 2022 which is to the effect that the costs should be borne proportionately. In the remaining six mines/leases conveyor belt system should be set up by the lessees themselves. Insofar as railway sidings is concerned, it has been stated by Shri Jiwrajka that railway sidings would be required only in three of the leases, namely, MML (ML No.2605), B.Kumar Gowda (ML No.2156) and VESCO (ML No.2296). Insofar as railway sub-lines are concerned, it is the suggestion of Shri Jiwrajka that only two sub-lines i.e. between Lakshmpur Cross and Dharmapura (about 4-5 km in length) & between Sandur existing line and Susheel Nagar (about 11 km in length) will be required.

6. Having regard to the immediate need for environmental protection and the imminent necessity to

place adequate measures as a part of the CPMIZ, we are of the view that to begin with steps should be taken to examine the aforesaid proposal contained in the note of Shri Jiwrajka. To enable smooth execution of the proposal, as indicated above, we are of the view that a meeting should be convened by the CEC in which all the stake-holders should be present. All issues including who has to bear the cost, keeping in mind the long term benefits that would come to the lessees and, perhaps, in the distant future to others who are not before the Court, should be debated, discussed and attempted to be resolved in an amicable manner. The CEC will invite the seven lessees (barring NMDC), the representative(s) of FIMI (Southern Region), the representative(s) of State of Karnataka, the constituents of the SPV and also such other stake holders who the CEC may consider, at different points of time, necessary to facilitate a resolution of the matter.

7. The Rail India Technical and Economic Services (RITES), RITES Bhawan, 1, Sector 29, Gurgaon, Haryana and Central Mine Planning and Design Institute Ltd. (CMPDIL), Gondwana Palace, Kanke Road, Ranchi, Jharkhand shall also be asked to participate in the meeting and offer their suggestions and views as to the

extent of work that would be required to be done, the feasibility thereof in the light of suggestions, contentions and counter contentions that may be advanced. That the infrastructure contemplated should be an integrated one also will be kept in mind in the deliberations to be held. The CEC will thereafter submit a report to this Court indicating the feasibility of the suggestion of Shri Jiwrakja and the alterations/modifications of the said suggestions that would be required to be made to ensure due and proper implementation thereof so as to ensure that the objective behind the CPMIZ is achieved.

8. As RITES and CMPDIL are professional bodies and would be required to render professional opinion in the matter they would be entitled to their usual remuneration which will be paid by the CEC. We would expect the CEC to act promptly in the matter and submit a report to this Court within a period of six weeks from today.

9. List on 27th October, 2017.

10. Shri Raju Ramchandran, learned Senior Counsel appearing for the State of Karnataka prays for liberty to withdraw the report on economic viability of auction of 'C' category mines with liberty to approach

this Court once again on the same subject matter, if the need arises. Liberty, as prayed, is granted. Report on economic viability of auction of 'C' category mines is treated as withdrawn.

11. We make it clear that it will be open for the State of Karnataka to auction such of the Category 'C' mines which, according to the State, are viable and can be auctioned.

12. List for further hearing tomorrow i.e. 14th September, 2017.

CA LAND SUITABILITY CERTIFICATE UNDER FCA 1980

[Cases where proposed non-forest land cannot support the prescribed planting density of 1000 plants per hectare and it is necessary to plant the balance number of plants in degraded forest land (<40% canopy density) as per working plan prescription in accordance with Government of India FC Guidelines F. No. 11-423/2011-FC dated 08-11-2017]

In compliance of the procedure established for diversion of forestland for non-forest purpose through the Forest Conservation Rules 2003 and guidelines framed under the Forest Conservation Act 1980, the following is certified.

1. The non-forest land parcel(s) [Table1] proposed by **M/s. MSPL Ltd, Baldota Enclave, Abheraj Baldota Road, Hosapete, Ballary Dist. (User Agency)** for raising compensatory afforestation (CA). In forest land diversion proposal number **FP/KA/MIN/50114/2020** For diversion of 15.30 hectare of forestland in Ballari Diversion(s) has/have been inspected by me on **10-01-2023** (date).
2. The said non-forest CA land parcel(s) is/are suitable for raising compensatory afforestation in accordance with Government of India FC Guidelines F. No. 11-423/2011-FC dated 08-11-2017 read with general FC Guidelines, and in case of Private Party User Agency, further as per Government of Karnataka Order No.FEE 82 FLL 2016 dated 31-08-2016
3. It is further reported that the said land parcel(s) has/have natural growth to some extent and thereafter planting is not necessary/only about 400 Plants per hectare can be planted therein. Remaining seedlings are proposed to be planted in degraded forest land [Table 2] in consonance with the working plan prescriptions.
4. The KML file(s), Topo Map(s), Geo-referenced Map(s) & GPS readings of all corner of the proposed non-forest CA land parcel(s) have been uploaded by User Agency in PART-1 of the proposal /are enclosed herewith.
5. The KML file(s), Topo Map(s), Geo-referenced Map(s) & GPS readings of all corners of the proposed degraded forest land parcel(s) are enclosed in PART-II.

**Cost Benefit Analysis for the Project over a 50 year period for Ramdev Iron Ore Mine of
M/s MSPL Limited over an extent of 32.49Ha. (ML Area -30.09 & Road-2.40 Ha)**

1. Applicability of Cost Benefit Analysis

SNo.	Nature of Proposal	Applicable/not applicable	Remarks
1.	All categories of proposals involving forest land up to 20 hectares in plains and up to 5 hectares in hills.	Not applicable	These proposals are to be considered on case by case basis and value judgement.
2.	Proposal for defence installation purposes and oil prospecting (prospecting only)	Not applicable	In view of National Priority accorded to these sectors, the proposals would be critically assessed to help ascertain that the utmost minimum forest land above is diverted for non-forest use.
3.	Habitation, establishment of industrial units, tourist lodges/complex and other building construction	Not applicable	These activities being detrimental to protection and conservation of forest, as a matter of policy, such proposals would be rarely entertained.
4.	All other proposals involving forest land more than 20 hectares in plains and more than 5 ha. in hills including roads, transmission lines, minor, medium and major irrigation projects, hydel projects mining activity, railway lines, location specific installations like micro-wave stations, auto repeater centres, T.V. towers etc.	Applicable	These are cases where a cost-benefit analysis is necessary to determine when diverting the forest land to non-forest use is in the overall public interests.

2. Evaluation of Loss of Forest

S. No.	Parameters	Mining Project
1.	Ecosystem service losses due to proposed forest diversion	<p>The details of environmental losses are identified as per the given thumb rule for the forest area required for the project are as follows:</p> <ol style="list-style-type: none"> 1.) Density of the forest: 0.4 2.) Avg. density of the forest land to be diverted: 0.4 3.) Thumb rule for the environment losses per Ha. for density 1.0 over a period of 50 Years (In Lacs): 126.74 Lacs 4.) Environmental loss per Ha. of forest land to be diverted: 0.4×126.74 Lacs: 50.696 Lacs. 5.) Total forest area required to be diverted: 32.49 Ha. 6.) Total Environmental loss due to forest land diversion: 50.696×32.49 Lacs 7.) Total Environmental loss due to forest land diversion: 1647.11 Lacs 8.) Total Environmental loss due to forest land diversion per year: $1647.113/50$ = 32.94 Lacs per year 9.) Total Environmental loss due to forest land diversion for 50 years: =16.47Cr
2.	Loss of animal husbandry productivity, including loss of fodder	10 % of the Net Present Value (environmental services losses) = 0.10×16.47 Crores = 1.647 Cr
3.	Cost of human resettlement	There is no loss involved on account of human resettlement.
4.	Loss of public facilities and administrative infrastructure (Roads, buildings, schools, dispensaries, electric lines, railway etc) on forest land, or which would require forest land if these facilities were diverted due to the project.	No administrative infrastructure such as roads, buildings, schools, dispensaries, electric line, railway, etc are affected due to diversion of forest land to this project. There will be no loss involved on this account.
5.	Possession Value of forest land diverted	30 % of the Net Present Value (environmental services losses) = 0.30×43.64 Crores = 4.941Cr
6.	Cost of suffering to oustees	There will not be any losses on this account as diversion of the forest land to this project will not affect any house or structure.
7.	Habitat Fragmentation Cost	50 % of the Net Present Value (environmental services losses) = 0.50×16.47 Crores = 8.23 Cr
8.	Compensatory afforestation & Soil and Moisture conservation plan	Rs.6.04 Cr (Rs.18.36 Lakhs per Ha as Per Letter No:KFD/HoFF/A5-3(GFL)/34/2019-FC dated.19.04.2021)
Total Loss to environment		37.31Cr

3. Evaluation of the Benefits

SNo.	Parameters	Mining Project
1.	Increase in productivity attributable to the specific project.	<ol style="list-style-type: none"> 1. Total Mineable reserves = 8050000Tonnes 2. Cost of the iron ore per tonne which the project proponent used to acquire in the past = Rs. 2600 per tonne 3. Estimated Cost of Iron ore if produced by the project proponent = Rs.1610+350+350= Rs.2310 Per tonne 4. Profit to the project proponent after starting this project for 50 years = $(2600-2310)*8050000 = 233.45\text{Cr.}$ 5.
