**Sub:** Submission of Wildlife Clearance application for the mining permit of ‘Granite Building Stone Quarry of Shri. Sudheesh A. T’

**Respected Sir,**

We need to apply for Environmental Clearance (EC) for the mining permit of ‘Granite Building Stone Quarry of Shri. Sudheesh A. T’ over an extent 0.9246 Ha. at Sy No 115/13 in Padichira Village, Sulthan Bathery Taluk, Wayanad District, Kerala State. Before that we need to apply Wildlife Clearance, since within 10 Km radius from the boundary of the proposed mining permit area, there are 4 wildlife sanctuaries / national parks situated and they are,

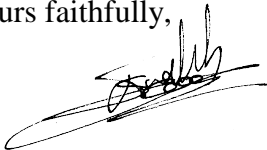

1. Nagarahole National Park & Tiger reserve - 1.10 Kms.
2. Bandipur National Park is & Tiger reserve - 3.59 Kms.
3. Wayanad Wildlife Sanctuary (North Division) – 6.23 Kms.
4. Wayanad Wildlife Sanctuary (South Division) – 6.81 Kms.

Our proposed mining permit area is situated 1.10 Kms from Nagarahole Tiger reserve & National Park which is located in Karnataka State and our project area is situated in Kerala State. In PARIVESH website, while applying for wildlife clearance we are unable to select the Wildlife sanctuary/National park situated in neighboring state (Karnataka State), hence we selected the possible options as per default in the website under ‘Kerala state’ and applied clearance for ‘Wayanad Wildlife Sanctuary – North Division’ which is the next nearest wildlife sanctuary (6.23 Kms) situated within Kerala State boundary from the proposed mining permit area.

Regarding this issue we already informed MoEF Helpdesk & Concerned Department but the issue was not solved yet, this is for your kind information.

Thanking you,

Yours faithfully,

**Shri. Sudheesh A.T,**

Authorized Signatory.
