That it takes more than 2:30 hours to reach Nerwa from this station. So , it will not be possible for the students of the feeding schools of far flung areas of this station to do the daily commute to Govt. College Nerwa.

That, if the college will have its own building the students of feeding schools namely GSSS Chopal, GSSS Sarain, GSSS Dhabas, GSSS Nanhar, GSSS Maraog, GSSS Matal, GSSS Jhina, GSSS Deha, GSSS Dewat will not have to go to Nerwa College to pursue their higher education as they can pursue their higher education in this institution and eventually this will lead to the increase the student strength in coming years.

Moreover , the college at Nerwa doesn't have the hostel facility . So the students belonging to the poor families of this Chopal area , who can not go to Nerwa as they can't afford to rent a room will definitely get benefitted from this College.
