The Deputy Commissioner,  
Bandipora.

**Sub: Diversion of Forest Land measuring 0.9574ha on left bank of Kishanganga River  
– reg.**

Sir,

Kishanganga HE Project (330MW) has been commissioned in March 2018. The Dam of the project is located in Kanzalwan Gurez and the powerhouse is located in Kralpora, Bandipora.

As per the directions of Ministry of Home affairs, GoI, the CISF has been deployed in order to provide security to critical components of the project including Dam Site at Gurez. The CISF contingent is required to be housed in suitable residential units at Dam site in Gurez. With regard to availability of state/private land office of the Deputy Commissioner, Bandipora vide letter no DCB/LA/2019/6538 dated 25.10.2019 has certified that there is no state/private land available. A patch of forest land measuring 0.9574 ha has been identified considering safety and security of CISF personnel. Accordingly, in order to meet the requirement, a proposal for the diversion of 0.9574 ha of forest land on left bank of Kishanganga river downstream of dam site in Kanzalwan Gurez was submitted to the Department of Forest Government of J&K. We have received direction from Department of Forests, Government of J&K for resubmission of the said forest proposal online on Ministry of Environment Forest & Climate Change (MoEF&CC), GoI website (<https://parivesh.nic.in>)

In this regard, it is requested to direct the concerned officer to issue online NOC, with regard to non availability of state/private land, on MoEF&CC, GoI website (<https://parivesh.nic.in>).

Thanking you,

Yours faithfully,

(A K Chouksey)  
Head of the Power Station
