**B. Particulars of Consent to Establish (NOC) granted to the industry**

No. O15HSPCTE2709414

Date of issue : 14/05/2015

Date of expiry : 13/05/2016

**C. Main Conditions :**

- 1) The industry shall not operate the unit / saw mill without getting license from Department of Forest & consent to operate of the Board.
- 2) The industry shall submit the designation of area as per notified master plan and also CLU certificate of the Town Planning Department before commissioning of the unit.
- 3) The industry shall provide proper/ adequate noise control measures in the shed where the saw mill will be installed, before the commissioning of the unit.

**D. General Conditions :**

1. The N.O.C. is valid for period of one year from the date of its issue or till the commissioning of the industry whichever is earlier.
2. The industry shall apply for the consents of the Board as required under the provisions of the Water (Prevention & Control of Pollution) Act, 1974 and the Air (Prevention & Control of Pollution) Act, 1981 alongwith the application for authorization under the provision of Hazardous Waste (Management Handling and Transboundary Movement) Rules, 2008 two months before the commissioning of the plant.
3. The industry shall provide adequate arrangements for fighting the accidental leakages/discharge of any air pollutant gas/liquids from the vessels, mechanical equipments etc. which are likely to cause environmental pollution.
4. The industry shall comply with any other conditions laid down or directions issued by the Board under the provisions of the Water (Prevention & Control of Pollution) Act, 1974 and the Air (Prevention & Control of Pollution) Act, 1981 from time to time.
5. Nothing in this N.O.C. shall be deemed to neither preclude the institution of any legal action nor relieve the applicant from any responsibilities or penalties to which the applicant is or may be subjected under the provisions of the Water/Air Acts respectively.
6. The project has been approved by the Board from pollution angle and the industry shall obtain the approval of site from other concerned departments, if need be.
7. The industry shall plant minimum three suitable varieties of trees all along the boundary of the industrial premises.
8. The industry shall provide terminal manhole at the end of each collecting system and a manhole upstream of final outlet (s) out of the premises of the industry for measurement of flow and for taking samples.
9. The industry shall, for the purpose of measuring and recording of quantity of water consumed, affix meters of such standards at such places as approved by the Environmental Engineer, Pollution Control Board, Regional Office.
10. The industry shall provided adequate and appropriate water/air pollution control device to control and treat the effluent/emission simultaneously with the establishment of project, so as to achieve the standard prescribed by the
