Diary No. 3667

Date 1-3-2023

Sub:

Diversion of 0.0112 hac of forest land in favour of Commissioner of MC Shimla for the Construction of Ambulance Road from fire brigade road for the buildings of Daizy Bank Estate, Lower Jakhu Shimla, Ward No.16 (Kms0/0 to 0/45) within the jurisdiction of Shimla (U) forest Division Distt. Shimla, Himachal Pradesh (online no. FP/HP/Road/74345/2020)

This is with reference to the subject cited above, twenty observations were raised by your good office on online portal i.e Parivesh, the reply to which is as under:

1. In regard to observation made, it is submitted that as per the orders of Hon'ble NGT dated 16.11.2017 in the matter of Yogindra Mohan Sengupta v/s Union of India and others vide which in Para 112(ii) which is reproduced as under "We hereby prohibit new construction of any kind, ie. residential, institutional and commercial to be permitted henceforth in any part of the Core and Green/Forest area as defined under the various Notifications issued under the Interim Development Plan as well by the State Government" Further as per Para 112 (xx) which is reproduced as under "The Committee shall also deal with the recommendations in relation to zoning policy and would keep in mind the factor of vulnerability risk assessment. The committee may also make recommendations for permitting construction of buildings of exceptional nature like hospital, fire brigade or public utility services but strictly in consonance with the laws in force".
In view of the above, the case can be considered as Public Utility Services and may be pursued ahead for approval and same will be represented to High Powered Expert Committee i.e. Supervisory Committee and Implementation Committee constituted by the Hon'ble NGT vide Para (xvii) as per I.D.P. regulations and MC building Bye Laws. It is intimated that the copy of judgment passed by Hon'ble NGT dated 16.11.2017 is available online.
2. There is no alternative alignment. The proposed road has to necessarily pass through forest land. There is no non forest land available. There is no natural water source. temple etc. Hence there is no escape from using the forest land. The area is densely populated and due to constructed buildings, there is no possibility for alternative road. Trees towards hill side will be protected and only the trees coming in the road shall be felled.
3. The area falls in two mohals. The road starts from up mohal U.S. Club and ends at Daisy Bank, which is under up mohal Ridge. The KML file is only showing the U.S. Club area and not the beneficiary village (Daisy Bank Area) having around 600 beneficiaries.
4. The road starts from existing road of U.S. Club and will end at Daisy Bank. The proposed ambulance road will benefit the population in the ward (which is around 600 and who are residing there), at the time of emergency and for disaster

- management. In the absence of proper connectivity local residents face a lot of problem during medical emergency. Presently the upper road and lower road is approachable by stairs numbering around 100 for each road.(Site Plan Attached).
5. The mitigation measures to be adopted to arrest the accelerated soil erosion/land slide during and or after execution of the project i.e retaining wall, breast wall and PCC wall. The undertaking regarding soil and moisture conservation plan along with detailed cost has been attached.
 6. User agency already explores Proposed site to save the trees , but there is no possibility to save the 4 no.s of trees.(NGT guideline are available on internet)
 7. It pertains to your good office.
 8. The Revised copy of Geo-coordinates with Geo referenced map Attached
 9. Approximately twenty building where around 600 people are residing. Village beneficiary copy enclosed and same has been uploaded online.
 10. In Part I, name of forest division exist with the name of Shimla MC on online Parivesh Portal already and we are unable to change or modify the division name.
 11. FRA Certificate along with all prescribed annexures including records of all consultations and meetings with ward members of concerned ward sabha is enclosed.
 12. FRA Certificate along with all prescribed annexures including records of all consultations and meetings with ward members of concerned ward sabha is enclosed.
 13. The undertaking of remaining capacity of muck dumping and undertaking that no muck/debris will be stacked in open areas, neither dumped in the forest areas is enclosed.
 14. Needful has been done and also updated on Parivesh Portal.
 15. The budget copy of project approval undertaking is enclosed.
 16. It pertains to your good office.
 17. It pertains to your good office.
 18. Layout Plan/Line Plan showing RoW along with chainage wise detail copy enclosed and same has been uploaded online
 19. Certificate of Unavoidable and barest minimum of the Forest land copy enclosed and same has been uploaded online.
 20. The detailed area calculation sheet showing Length, Width of road copy enclosed and same has been uploaded online.

Yours Sincerely,

The public has raised the demand to construct this road in the interest of large public so that any misshaping of human being during illness may not occur. There is no alternative to construct this road except forest area. This road will serve maximum 1400 persons as a beneficiary. Estimated cost of the project (Rupees in Lacs) : 15.00. Also during the construction of said road employment of about 500 man days is likely to be generated. About 100-1400 persons will be benefited from the construction this road. For the construction of this road 0.0112 Hect. of forest land is required to be diverted for road.

Construction of this road /project is available to bring the benefits of development to target village that have remained deprived of their benefits long. As such location of the project in the forest land is justified and proposed alignment of road is finalized.
